To: Office of the Secretary
Attn: Assistant Chief, Audio Division
Media Bureau

REQUEST TO CORRECT COORDINATES

College Creek Broadcasting, LLC, Marathon Media Group, LLC, and Sky Media, LLC (together, the "Joint Parties"), by their counsel, hereby request that the Commission correct the coordinates in its database for the allotments proposed in the Joint Parties' Counterproposal.¹ A search of the Commission's engineering database reveals that the Commission appears to have entered incorrectly the community reference coordinates (or other incorrect coordinates) for each of the Joint Parties' allotment proposals rather than the actual coordinates proposed by the Joint Parties. These coordinates should be corrected so that the existing or preferred transmitter sites in the Joint Parties' proposed allotments are protected and so that the public is properly on notice of the Joint Parties proposal. Above all, the corrected coordinates meet the spacing requirements

¹ The Joint Parties filed a Counterproposal in this proceeding on October 17, 2005, and Reply Comments and Errata on November 1, 2005. In their Reply Comments and Errata, the Joint Parties requested that the Commission modify the reference coordinates at Indian Springs, Nevada and Monroe, Utah, because they have preferred site locations. The Joint Parties also requested that the Commission modify the Joint Parties' Counterproposal to (i) allot Channel 293C1 at Fredonia (instead of Channel 247C1), (ii) remove the proposal to allot Channel 237C at First Mesa, Arizona, and (iii) remove the proposal to allot Channel 278C2 at Teec Nos Pos, Arizona. These modifications will remove any conflict with Petitioner's proposal to allot Channel 279C at Church Rock, New Mexico. All of these changes are reflected in the chart below.
